- 2) All bids are per lot as numbered in this catalog.
- 3) We reserve the right to withdraw any lot prior to sale.
- 4) All successful bidders shall be billed for postage, handling and insurance.
- 5) R M SMYTHE reserves the right to reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.
- 6) A SMYTHE auction bidder expressly waves any claim or right to an accounting, damages or compensation arising out of SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.
- 7) United States coins and currency will not, in conformity with law, be opened at less than the face value.
- 8) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.
- 9) In the case of a tie between a mail bidder on the book and the floor, the mail bidder shall take precedence.
- 10) All bids must be in whole dollar amounts; this includes percentage increases.
- 11) Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.
- 12) No minors may participate in our sales. Agents bidding on behalf of others will be held liable if their principals fail to make payment.
- 13) Payment for purchases is to be made in cash upon receipt of invoice. No lots may be taken away unless paid for in full. A late charge of 1½% per month will be charged on the invoice total if payment is not received **within 10 days** of mailing the invoice. Bidders not known to us are required to deposit 25% of their bids in advance.
- 14) Title does not pass until payment in full is received. SMYTHE reserves the right to await clearance of any check before making delivery.
- 15) If a collection agency attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by SMYTHE shall be borne by the defendant. The signer of a SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of New York State or the U.S. in New York City as SMYTHE alone shall elect. The participant in a SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.
- 16) New York State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.

- 17) SMYTHE may reopen the bidding on a lot under the following circumstances: 1) SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before the bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the Auctioneer.
- 18) In the event of dispute, the auctioneer's decision is final.

GUARANTEES AND RIGHTS OF RECOVERY

- 19) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.
- 20) Persons placing bids are responsible for meeting the maximum amounts represented on their bid sheets. SMYTHE reserves the right to reject frivolous complaints and to take appropriate actions against such bidders under paragraphs 5 and 15 above.
- 21) All material in this catalog is guaranteed to be genuine unless otherwise described.
- 22) No lots may be returned by floor bidders except for non-authenticity.
- 23) Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it.
- 24) In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale), notify SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.
- 25) In the event of unsuccessful litigation the plaintiff shall pay SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.
- 26) The same protections applicable to SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.
- 27) SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.
- 28) All accounts are payable to SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice. No credit card payments will be received by SMYTHE for auction sales, catalogs or other monies due to SMYTHE.

CONDITION TERMINOLOGY FOR CURRENCY

- Gem Unc.** (Gem Uncirculated) - The perfect uncirculated item, clean, bright, vivid, crisp (where paper permits), well-margined, unimprovable, without folds.
- Choice Unc.** (Choice Uncirculated) - A lovely uncirculated item, having only a hint of aging or unevenness of the margins, face or back, or narrow margins which take it out of the "Gem" class.
- Unc.** (Uncirculated) - As made or issued, but margins may be poor, the item lightly aged, with border trimming.
- Choice AU** (Choice Almost Uncirculated) - Essentially a mishandled uncirculated item with deficiencies like a corner fold, teller counting smudge or count wrinkling.
- AU** (Almost Uncirculated) - There is one fold, a teller counting smudge or counting wrinkling present.
- EF** (Extremely Fine) - An item which may, at first glance, look uncirculated but which has several petty folds, or a hard crease down the center perhaps with corner folds. Crisp, bright, vivid and pleasing, the paper as made, permitting.
- VF** (Very Fine) - Typically an item marked by moderate quarterfolds with perhaps a few other signs of handling. Should be clean, not seriously aged, torn, or pinholed.
- F** (Fine) - The last grade of an item in which the paper still has body. The folds are numerous and the design is beginning to show signs of soiling wear.
- VG** (Very Good) - A well circulated item, complete, unimpaired except for petty edge splits, pin holes, some surface splitting along heavy folds and soiling.
- Good** (Good) - An even more heavily circulated item with body holes, petty tears and splits, very soiled and tired, scarcely legible.
- Fair** - Heavily worn, split, holed, up to 10% gone, legibility seriously impaired.
- Poor** - A mere remnant, tattered and torn, scarcely readable with typically more than 10% of its surface area gone.
- Abt** (before a grade) - A shade below the grade it preceeds.
- Plus or +** (following a grade) - A shade better than the grade.
- VF-EF** (hyphen between grades) - The grade is about halfway between the two grades shown.
- VF/Good** (slash between two grades) - Face and back are two different grades. The grade preceeding the slash is for the face. The grade following is for the back.

A VERY INTERESTING AND MOST DESIRABLE COLLECTION OF LOUISIANA PAROCHIAL ISSUES

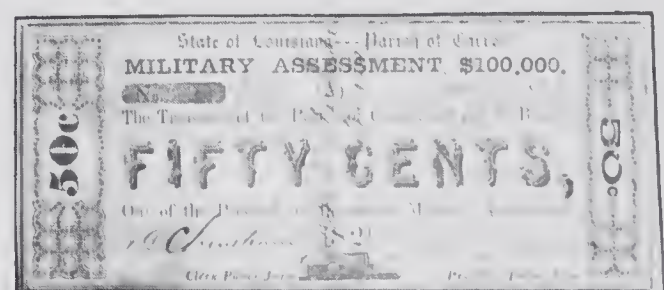

In our Public Auction Sale #100 we had the privilege of cataloging some of the rarer Louisiana parochial (parish) notes and bonds that we have had the pleasure of handling. From the same fine collection we continue with notes from some of the more available parishes. However, we wish to add that within some of these more available parishes, are "sleeper" items; either due to rarity or extraordinary condition.

Please see our Sale #100 auction catalog for a detailed history of the Louisiana parish issues and notes and bonds from other parishes.

It is apparent from these notes and from about 40 or so notes of this issuer which we examined about sixteen years ago in the offices of the New Netherlands Coin Company, that the twenty-five and fifty cent typeset notes were issued with printed dates for July, August and September 1862. The numbering began in July with number one and stopped in September. The printers each month changed the month to conform with the actual issue date. We are safe in assuming an issue of about 10,000 of each of the denominations; what happened to all of them, unless they were taken up and burned is an interesting question for which we have no answers. Such notes when broken out into varieties amount to less than twenty of each variety.

Interesting Group Of Nelson, Pennsylvania Scrip Notes

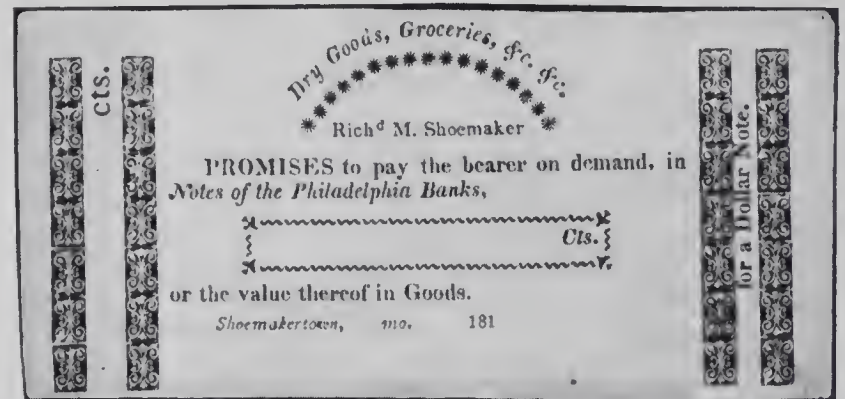

These notes and the lots which follow were put out by the Seely family in the 1870's. Earlier, they had printed a large number of notes for issue during the Civil War. For reasons unknown, they did not, apparently prepare these for issue or emit them. Probably the Federal fractional currency came out and they were no longer needed. The 1870s notes may have been put out because of the depression after 1873. The notes were held by the family until disposed of by a descendant.

INTERNATIONAL CURRENCY

AMERICAN BANKNOTE COMPANY PROOF & SPECIMEN NOTES

The field of world currency collecting took an abrupt and pleasant turn this past December when the American Banknote Company Archives were sold at public auction. Sold at that sale and a subsequent one were many previously unknown notes, both proofs and specimens. The following lots contain examples of proofs and specimens from lots obtained by our consignors at those sales. Proof notes are on india paper or occasionally on banknote paper, in their original colors as intended for issue and are uniface face and/or back; usually on a wide margin card. Specimen notes are printed face and back on banknote paper as intended for issue. They are overprinted "Specimen" and are usually POC. All the following items are unissued and new. The only condition problems, unless otherwise mentioned, are the handling the items received during their lot viewing and handling by ABNCo. employees over time; for the most part the material is quite pristine.

An Unusual Error

- 8025B 1912 Barber Half Dollar. The image of an incused version of the reverse is clearly visible under the obverse and the image of an incused obverse is clearly visible beneath the reverse! Fine.
The planchet must have been struck between two coins, one stuck to the obverse die, the other to the reverse die. This would account for the incused images. The stuck coins must have been removed, and the planchet flipped over and restruck correctly.
